

Floor maintainer

Description

Polymer based floor maintainer. Provides a durable film that builds up a good gloss level. In parallel, the detergent content ensures good cleaning performance.

Key properties

- Perfect combination of polymers, waxes and detergents
- Produces a dry-bright, wear-resistant protective film
- Versatile application
- The protective polymer film is fortified with each additional application

Benefits

- Effective floor maintenance and film build up even in high traffic areas
- Creates a slip resistant surface
- Delivers a glossy protection, buffable for extra shine
- Can be used neat for protection and/or diluted for maintenance on all water resistant, hard floors
- Ideal for mop application but also suitable for use in scrubber drier
- Protective film builds up every application and eases the cleaning of the surface

Use Instructions

Initial treatment:

1. Dose product as recommended for initial treatment and evenly apply the solution with a polish applicator or a clean fringe mop.
2. Allow the solution to dry.
3. Apply additional coats if necessary.
4. Buff for extra shine.

Machine cleaning:

1. Dose the product into full water tank of the machine.
2. Apply the solution.
3. Clean the floor.

Wet mopping cleaning:

1. Dose the product into a bucket filled with water.
2. Apply the solution.
3. Clean the floor.

Dosage*

TASKI Jontec Extra needs to be diluted.

- Dosage bucket: 1% (50 ml for 5L bucket) max 4%.
- For initial treatment: 50%.

Proper dosage and temperature save costs and minimize environmental impacts.

**This dosage is according to optimal conditions, recommendations may vary, please consult with your Diversey representative for directions.*

Diversey™

TASKI® Jontec Extra

F3e

Technical data

Appearance: Milky white liquid
Odour: Herbal
pH value (neat): ~ 8
Relative density (20°C): ≈ 1.03

The above data is typical of normal production and should not be taken as a specification.

Safe handling and storage information

Full guidance on the handling and disposal of this product is provided in a separate Safety Data Sheet; sds.diversey.com. Store in original closed containers away from extremes of temperature. Only for professional users / specialists.

Product compatibility

Do not dilute or mix with other substances. Do not use on water-sensitive floors, e.g. unsealed wood or cork. Depending on the type and amount of soiling, use TASKI Jontec Forward for interim cleaning.

Environmental information

The surfactants used in this product are biodegradable in compliance with the requirements of EC Directives 73/404/EEC and 73/405/EEC and their subsequent amendments.

Available pack sizes

TASKI Jontec Extra is available in 2x5 and 1x10L. Dosing equipment is also available.
